

END OF HIJRAH YEAR DOA

In the name of Allah, the Most Gracious, the Most Merciful

All praises be to Allah, Lord of all Universe. Praises be to Prophet Muhammad saw, his family and his companions.

Oh Allah, a year has passed in our life. You have bestowed on us the Greatness of Your *nikmah* in which we could never imagine and You have protected us from harm when we cannot detach ourselves from it. We have done deeds in which only You have knowledge of its good or bad.

Oh Allah, if the deed that we have done is in accordance to Your Teachings, please accept those deeds as meaningful deeds in your eyes. However, if those deeds have been accompanied with boastfulness and envy or we have done ourselves wrong, or its intention had been tainted, we seek Your Forgiveness and we implore that You hide all these wrongdoings. Please bless us with goodness and Your bountiful provisions.

Oh Allah, the New Year has crawled in and the current year will leave us shortly. However, we do not know what is in store for us in the coming year. We are ignorant as to where our life will head to. It is our hope that You allow us to begin this New Year with the door of Forgiveness so that we do not end this life in loss. Oh Allah, we plead that you shower *Taufiq* to us in this year for us to continue to do good deeds that receive Your pleasure and a harmonious life that you bless.

Oh Allah, we seek your Might to safeguard our physical self so that we continue to worship you. Safe keep us so that our hearts are filled with love. Please open our hearts so that we seek you always just like how you open the hearts of those who are righteous. Please place us amongst those who keep to their promises and able to fulfill our responsibilities. Please make our life a witness to all deeds that you have enjoined us to do, Oh Allah, the Most Gracious, the Most Giving.
